

DTOceanPlus Project

Using the DTOceanPlus suite of tools to Guide
Technology Development of Ocean Energy Systems
Training Session

Tuesday 6th July 2021
14:00 - 16:00 (CEST)

14:00 - 14:15

Introduction

- DTOceanPlus project and the Software Suite Philosophy
[Donald Noble, The University of Edinburgh](#)
- Context of Technology Development
[Jonathan Hodges, Wave Energy Scotland](#)

14:15 - 15:00

Guiding technology development ~ link to Deployment & Assessment tools

- Using the Stage Gate tool's Activity Checklist as a guide for Stage Gate Assessment
[Jillian Henderson, Wave Energy Scotland](#)
- Full Stage Gate Assessment using Deployment & Assessment tools
[Jillian Henderson, Wave Energy Scotland](#)

15:00 - 15:25

Guiding technology development ~ link to Structured Innovation tool

- Link between Improvement Areas and Structured Innovation tool
[Ben Hudson, Wave Energy Scotland](#)
- Overall purpose of the Stage Gate tool and detailed look at the Report
[Jillian Henderson, Wave Energy Scotland](#)

15:25 - 15:30

Practical applications of Stage Gate tool in Industry

- Examples of real use cases of Stage Gate tool
[Jonathan Hodges, Wave Energy Scotland](#)

15:30 - 16:00

Q&A Session

[Training Session](#)
[Registration](#)

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement n° 785921.
